CLD TECHNOLOGIES PTE. LTD.

Basic CNC Machining & Application Training

🔍 **Explore the World of CNC Machining:**

- Gain a comprehensive introduction to the fundamentals of Computer Numerical Control (CNC) machining.
- Understand the principles behind CNC operations and its real-world applications.

🛠️ **Hands-On Learning Experience:**

- Engage in practical sessions using cutting-edge CNC machines.
- Learn essential programming and operational skills vital for precision machining.

💡 **Why Choose Our Course?**

- Industry-Aligned Curriculum: Developed by experts to meet current industry demands.
- Practical Skill Development: Acquire job-ready skills to excel in manufacturing and design.

👩‍🏫 **Expert Guidance:**

- Learn from seasoned professionals with extensive experience in CNC machining.
- Access insider tips and industry insights to advance your machining expertise.

🌐 **Join a Thriving Community:**

- Network with fellow enthusiasts and industry professionals.
- Forge connections for potential career opportunities and collaborations.

🚀 **Start Your Journey Today! Secure Your Spot Now:**

- Limited availability! Reserve your place for an immersive learning experience.
- Transform your interest in machining into a rewarding skill set.

📧 **Contact Us:**

- For Enquiries and enrolment reach out at enquiry@cld-tech.com or call +65 97287623
- Address: 5 Soon Lee St. #05-04 Pioneer Point Singapore 627607
